## Greater Eastside Houses of Worship

We have been consistently asked for the location of community churches and other houses of worship. Although we have searched, we have not been successful in locating one place, online or in print (other than the yellow pages), that provides their addresses, web sites and/or phone numbers. For this reason, we decided to create a space for this information for our clientele. This is not a complete list by any means. In time, and with your help, this list will continue to grow.
